

Game-development application planner

Use the sponsor's current cycle and criteria. Separate tuition funding, conference access and development programs. Confirm an opening and eligibility before investing time in the application.

Program / sponsor / current official URL / date checked:

Check	Verified answer / next action
Eligibility and fit	
Deadline / time zone / decision date	
Program dates / required attendance	
Award coverage / payment timing	
Uncovered costs / available funds	
Portfolio format / statement limit	
Reference / other required materials	

Your evidence

Relevant project / your specific contribution / what you learned:

Fictional USD budget: pass covered; \$300 travel + \$450 lodging + \$120 meals + \$60 transport = \$930 uncovered. A confirmed \$400 contribution leaves \$530. Reimbursement after the event still needs upfront cash.

Submission check

Test links without your logged-in account. Credit collaborators. Check every requirement, deadline and file. Save the submitted version and confirmation. Follow the sponsor's rules on assistance and AI tools.

Submission confirmation / unresolved question / follow-up date:

Primary references: the actual sponsor and institution. IGDA and IGDA Foundation sources are linked in the guide; a past cycle is not a current opening.
